Adopt-A-Highway Program

A Scenic View Depends On You!

ODOT Adopt-A-Highway Program

- ODOT currently has approximately 1450 participating groups.

What Has Been Our Biggest Challenge?

- Recently, it has been the Class 2 Safety Vest requirement.
- It took some time to get our district offices familiar with it, and to get them to transition from the low-cost, disposable vests used previously to somewhat more expensive, non-disposable vests. (In today's economic climate there was initial concern re. the \$ cost to make this change.)

Other Information to Share.....

- Still working towards a Sponsor-a-Highway Program....it's going slowly, however.
- New Statewide Coordinator (since ~ June, 2009)
 - Scott Roeder, PE
